Dedicated and innovative UI/UX Designer with one year of experience in web, mobile, and dashboard design. Proficient in creating intuitive, visually appealing interfaces and transforming complex requirements into user-friendly designs. Committed to enhancing user experiences through thoughtful design solutions, I excel in collaborating with cross-functional teams. My passion for staying updated with the latest design trends makes me a valuable asset in any design-driven organization.

EXPERIENCE

Consultant UI/UX Designer   Jun 2024 - Present
TerraOps Private Limited, Bangalore

As a Consultant UI/UX Designer, I created user-friendly manuals for Production and Warehouse Management software using Docsify and Markdown, providing detailed instructions, visual aids, and best practices. This project combined my design expertise with technical writing to enhance user understanding and productivity.

Associate UI/UX Designer   Dec 2023 - May 2024
TerraOps Private Limited, Bangalore

At TerraOps Private Limited, I designed SAP user interfaces for Warehouse and Production Management, streamlining workflows and enhancing inventory tracking. This role deepened my SAP expertise and refined my UI/UX design skills through cross-functional collaboration.

UI/UX Designer Intern   Sep 2023 - Nov 2023
TerraOps Private Limited, Bangalore

During my internship, I designed a user-centric B2B E-commerce website with intuitive interfaces, robust search functionalities, and streamlined checkout processes. Collaborating with stakeholders, I delivered a high-quality, functional, and visually appealing platform tailored to business clients' needs.
